

Rekopia i jego oprawy wyrestaurował inżynier Jan Węgr w r. 1939.

Dodano nowe karty ochronne, nowy jest także pasek skórzany na grzbiecie (przełożył na wzór starego, który był zupełnie ztłusły).

[The page contains dense handwritten text in a cursive script, likely from a historical manuscript. The text is written in dark ink on aged paper. It appears to be a list or account of various items, possibly related to a military or administrative context, given the mention of "armes" (arms) and "munitions". The handwriting is somewhat difficult to decipher due to its cursive nature and the age of the document.]

[illegible]

[Handwritten Latin text, likely a calendar or liturgical book entry, written in a cursive script.]

[illegible]

[illegible]

[Handwritten musical notation on red staves, likely from a manuscript.]

[illegible]

A circular diagram from a manuscript, likely a zodiac or astrological chart. It features concentric circles and a diagonal line. The outer ring contains text in a circular arrangement, including "Sagittarius", "Corpio", "Libra", "Virgo", "Leo", "Cancer", "Gemini", and "Taurus". The inner circle has a diagonal line passing through it, with a small cross at the intersection. The text is written in a historical script.

[The following text is a transcription of the manuscript page shown in the image above.]

[The following text is a dense, handwritten manuscript in Latin, likely from a medieval astronomical or astrological treatise. It contains numerous references to celestial bodies, their positions, and movements, as well as calculations involving numbers and letters. The script is highly stylized and difficult to decipher without specialized knowledge.]

[Faint handwritten notes, possibly bleed-through from the reverse side.]

A close-up photograph of a heavily worn, brown leather book cover. The leather is cracked and discolored, with faint, illegible markings visible on the surface.
